

Slim Line

A system of partitions made to fulfill your wishes.

SATO

Slim Line

Where design meets creativity.

Custom partitions created to respond to your layout.
Minimalist all-glass frameless partitions that combine
transparency and flexibility.

100% customized to your space.

Maximum transparency and minimalist design with the highest demands placed on functionality and every detail. The full height door makes it even harder to notice.

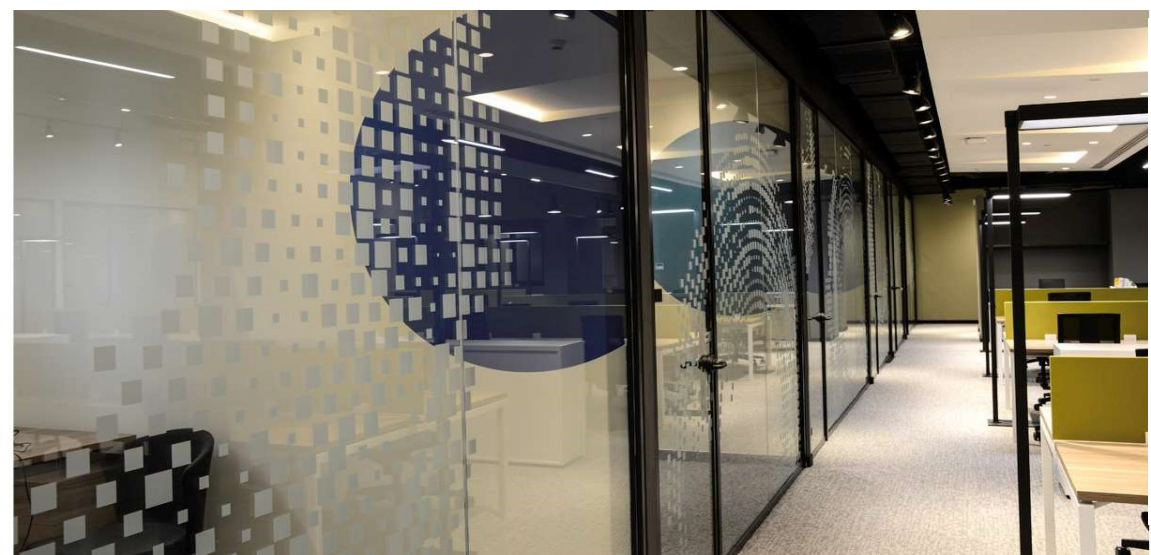

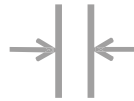

Emphasizing on privacy.

You can have one of the narrowest profiles on the market in a design that fits your interior and look.

The design of your space will remain undisturbed and so will be the meetings being held inside.

Creating
a workspace
that fits your needs.
