SQUARE

Diemme Lab / 2023

SQUARE reinvents the very concept of a sofa as a dynamically versatile piece of furniture, able to change together with its setting, thereby shaping it. It is distinguished by clean lines and soft volumes. It can be configured and reconfigured in various forms, creating a different solution each time. It is a modular system conceived as a big game of free-standing pieces, to be combined according to taste, generating a wholly original solution each time; it is suitable for private living rooms, offices or large commercial spaces. Colour and material, too, play roles in this combination game, due to the option of combining elements of different colours, fabrics and textures. SQUARE's versatility becomes its very hallmark, adding a touch of freshness and a contemporary look to any setting.

Modular Seating

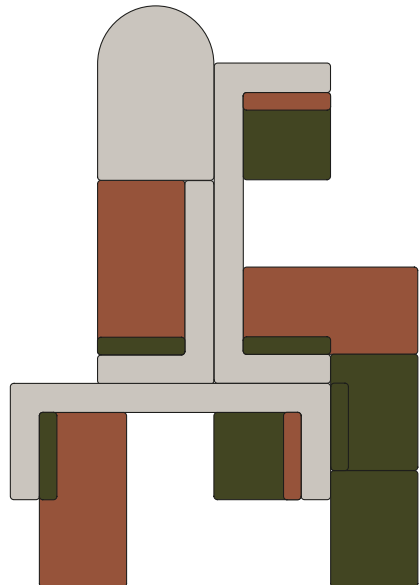

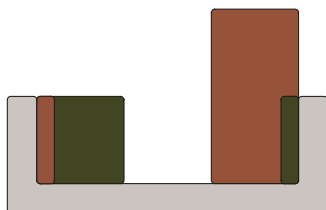

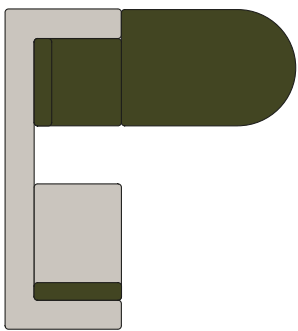

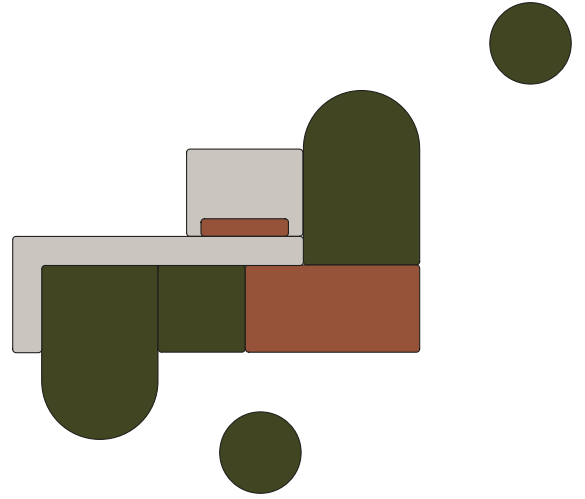

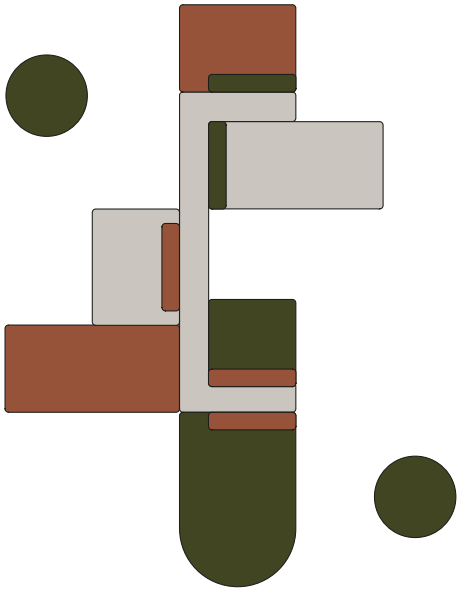

SQUARE is an extremely customizable sofa with its variously sized and numerous pieces, and the many different types of available upholstery.

It is a modular system made up of a wide range of units: central, corner, terminal, rectangular, and rounded, which can be combined with each other in various ways. SQUARE has no limits to its creativity, it is truly customizable in every possible way and for every possible purpose, right down to the last detail, perfect for creating and structuring a uniquely individual relaxation area.
